Raymond A. Barker Water Treatment Plant Expansion Contract 2 – WTP Expansion

Contract: FIN2023 – 001T

Anticipated Start Date: June 2024

Anticipated End Date: June 2031

**Timeline is subject to change*

The Town of Collingwood is expanding the capacity of the existing Water Treatment Plant from 31,140 to 59,000 cubic metres per day. The design includes a new membrane and UV disinfection building; expansion of the high-lift pumping facilities; repurposing the existing Water Treatment Plant for additional chlorination, administration and storage; climate mitigation including site and shoreline improvements; and site features including a plaza, public washrooms, and Saugeen Ojibway Nation information, history and art.

RENDERING OF THE NEW MEMBRANE BUILDING, TRAIL, AND PLAZA

WHAT TO EXPECT DURING CONSTRUCTION

- Increased traffic and noise is expected during work hours. Temporary road closures may be required during work and will be communicated in advance on the Town's website and social media feed, when possible.
- The trail and parking lot will be closed to accommodate contractor equipment and work area and maintain public safety. Fencing and signage will be erected to clearly designate closed-off areas.

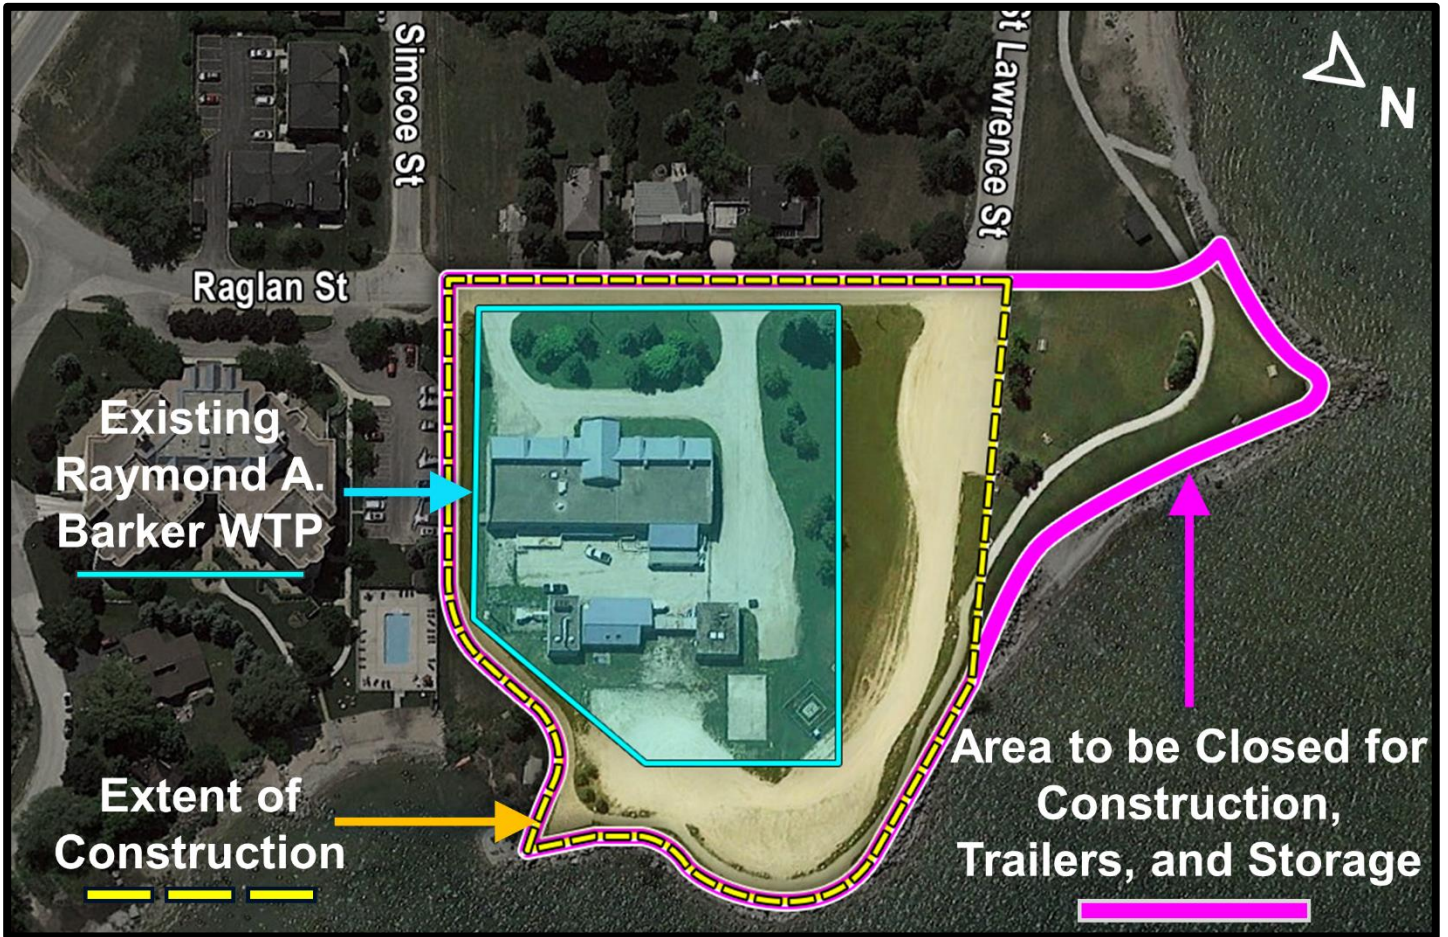

Construction Notice

Work Hours: Work will occur between the hours of 7 a.m. and 7 p.m., Monday to Friday.

Off-Hours Work: Some tasks will require overnight, weekend, or holidays work. These timelines will be communicated in advance wherever possible. During these times, construction impacts and noise levels are expected to be similar to weekday activities.
